

Privacy Statement

We collect, or may be provided with personal information about you. The types of personal information we may collect or be provided with include, but are not limited to:

- Name
- Contact Information

We collect this personal information in order to:

- Provide you or your business with Electrical, Automation and Engineering services, and contact you in regards to these services

Providing some information is optional. If you choose not to enter your contact details, this may mean we are unable to provide services to you as promptly or efficiently as we normally would.

We keep your information safe by storing it in our cloud based CRM system and only allowing certain staff to access it.

You have the right to ask for a copy of any personal information we hold about you, and to ask for it to be corrected if you think it is wrong. If you'd like to ask for a copy of your information, or to have it corrected, please contact us one of the methods below:
